- Kerri Richardson, School of Education

Minutes

- Maurice And Kevin from ITC reported about classroom technology. They are in process of refreshing machines –physically and software images as well.
- Timeline: Before fall.
- Should some classrooms have specialized software. Todd is working with the Registrar's office to put specialized software in some classroom.
- Maurice has asked the committee for feedback about what software should be on the classroom image and what should/could be removed. If faculty wants specific software on the image they should speak up NOW
- Maurice also talked of virtualization, which could have some advantages like several versions.
- Kevin discussed issue of getting people to test software.
- Someone mentioned that the Google Search Appliance is disappointing (This has been a recurring issue).
- Lixin suggested we need software for scheduling to solve this problem and discussion of this issue/how it is not an easy problem to sort out.
- List of software is at its.uncg.edu/Software/Available/By_Location

- Todd will speak next time about Sharelink . We will meet in Bryan 114. Frances will book it.
- Chris and Chris will work on writing charge for senate
- Todd will send report from Online Learning Committee to ACC members
- Todd said Windows 10 works with Adobe CS6 so Adobe license problem is less urgent. Project team is set up to discuss what to do about Adobe - but we have a bit of time now.
- Ken - Web Focus Reports No longer cross platform - Does not work on Mac anymore... Todd will investigate.
- Aprille has offered to be the Chairperson for ACC next year, if no one else steps up.
- Golinks is ready. Submit ticket if there is a problem Nick is confident it will work!
- Jana Walser Smith - She will demo the Sharelink
- Denise Gordon from Learning technology group will come to meeting next time.

Meeting Closed at 11:30
